

## ***2000-01 VOTING ASSISTANCE GUIDE***

### ***ERRATA SHEET***

March 2000

The *2000-01 Voting Assistance Guide* has been printed and distributed to military and civilian addressees. Since distribution, readers have noted several printing errors in this Guide. Several of these errors could result in a citizen's being unable to exercise their right to vote. Other errors detract from the quality and readability of this reference document.

The following are examples of the errors identified so far:

- Page upside down (Oregon stickers, page 229).
- Pages torn in half (Appendices E and F, pages 329 – 352).
- Page in wrong section (New Hampshire page 189 inserted in Nebraska section. Nebraska page 177 missing).
- Pages in Illinois state section missing.
- Complete section for Georgia, pages 83-90 missing.
- Binding/cutting errors with cover, slogans and pages cut-off causing information to be incomplete.
- Numerous pages discolored on the edges and of irregular size. Red discoloring on Illinois state pages.
- Pages fused together because of binding/cutting errors. The Guide cannot be used.

The Federal Voting Assistance Program (FVAP) wants to ensure that copies of the *2000-01 Voting Assistance Guides* in the hands of Voting Assistance Officers are complete, accurate and of high quality so that our citizens are able to vote.

We request that you review your copy of the *Guide* to check for the above and other printing errors. If you find any, please e-mail FVAP at [www.fvap.ncr.gov](http://www.fvap.ncr.gov) explaining the nature of the error(s) found. FVAP will provide you with a "new copy" of the *Guide* and a return mailer for you to send us the *Guide* with errors. Please include an address and commercial phone number so that we may expedite the new *Guide* to you.

The Government Printing Office (GPO) has been notified of these errors and has conducted a random sample of the *Guides* that are still in the warehouses for distribution. Since the vast majority of the *Guides* have been distributed, FVAP wants to ensure that your *Guide* is usable. Please notify FVAP of any problems you have encountered with the *Guide* and we will notify GPO of these errors for discussion with the contractor.
